

Government of Jammu & Kashmir
Directorate of School Education, Kashmir

Circular

Sub:-Arrangements for smooth conduct of Annual Examinations 2018.

Monitoring teams constituted by J&K BOSE and this Directorate during their inspection to various examination centres have reported that in some centres proper arrangements of lighting and heating have not been put in place despite of the clear instructions given in the matter. The sole responsibility on this account lies on the shoulders of Heads of the schools/Chief Education Officers where the centres are located as they were expected to make all necessary arrangements well in advance. Similarly it has been observed that the private recognized schools where examination centres have been located have not offered proper accommodation which includes the lighting system and such private schools are also liable for action.

It is impressed upon all the Chief Education Officers/Heads of the schools both Government and Private that they shall take immediate necessary action in the matter wherever required particularly with regard to lighting and heating arrangement. In case any complaint is received on this account the concerned Chief Education Officer/Head of the school shall be responsible for action as warranted.

Director
School Education Kashmir
